DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

This is a tall two and one half story brick house with only two bays across the front. The bay on the south side of the front projects forward and is covered by a gable that intersects at right angles the gable roof over the bay on the north. There is a Palladian window in the gable on the front opposite a hip roofed dormer. Above the windows are flat segmental arches. The original portico has been replaced by a flat roofed portico constructed of rippled aluminum, and supported by corner iron posts with tracery.

302 Mill Street

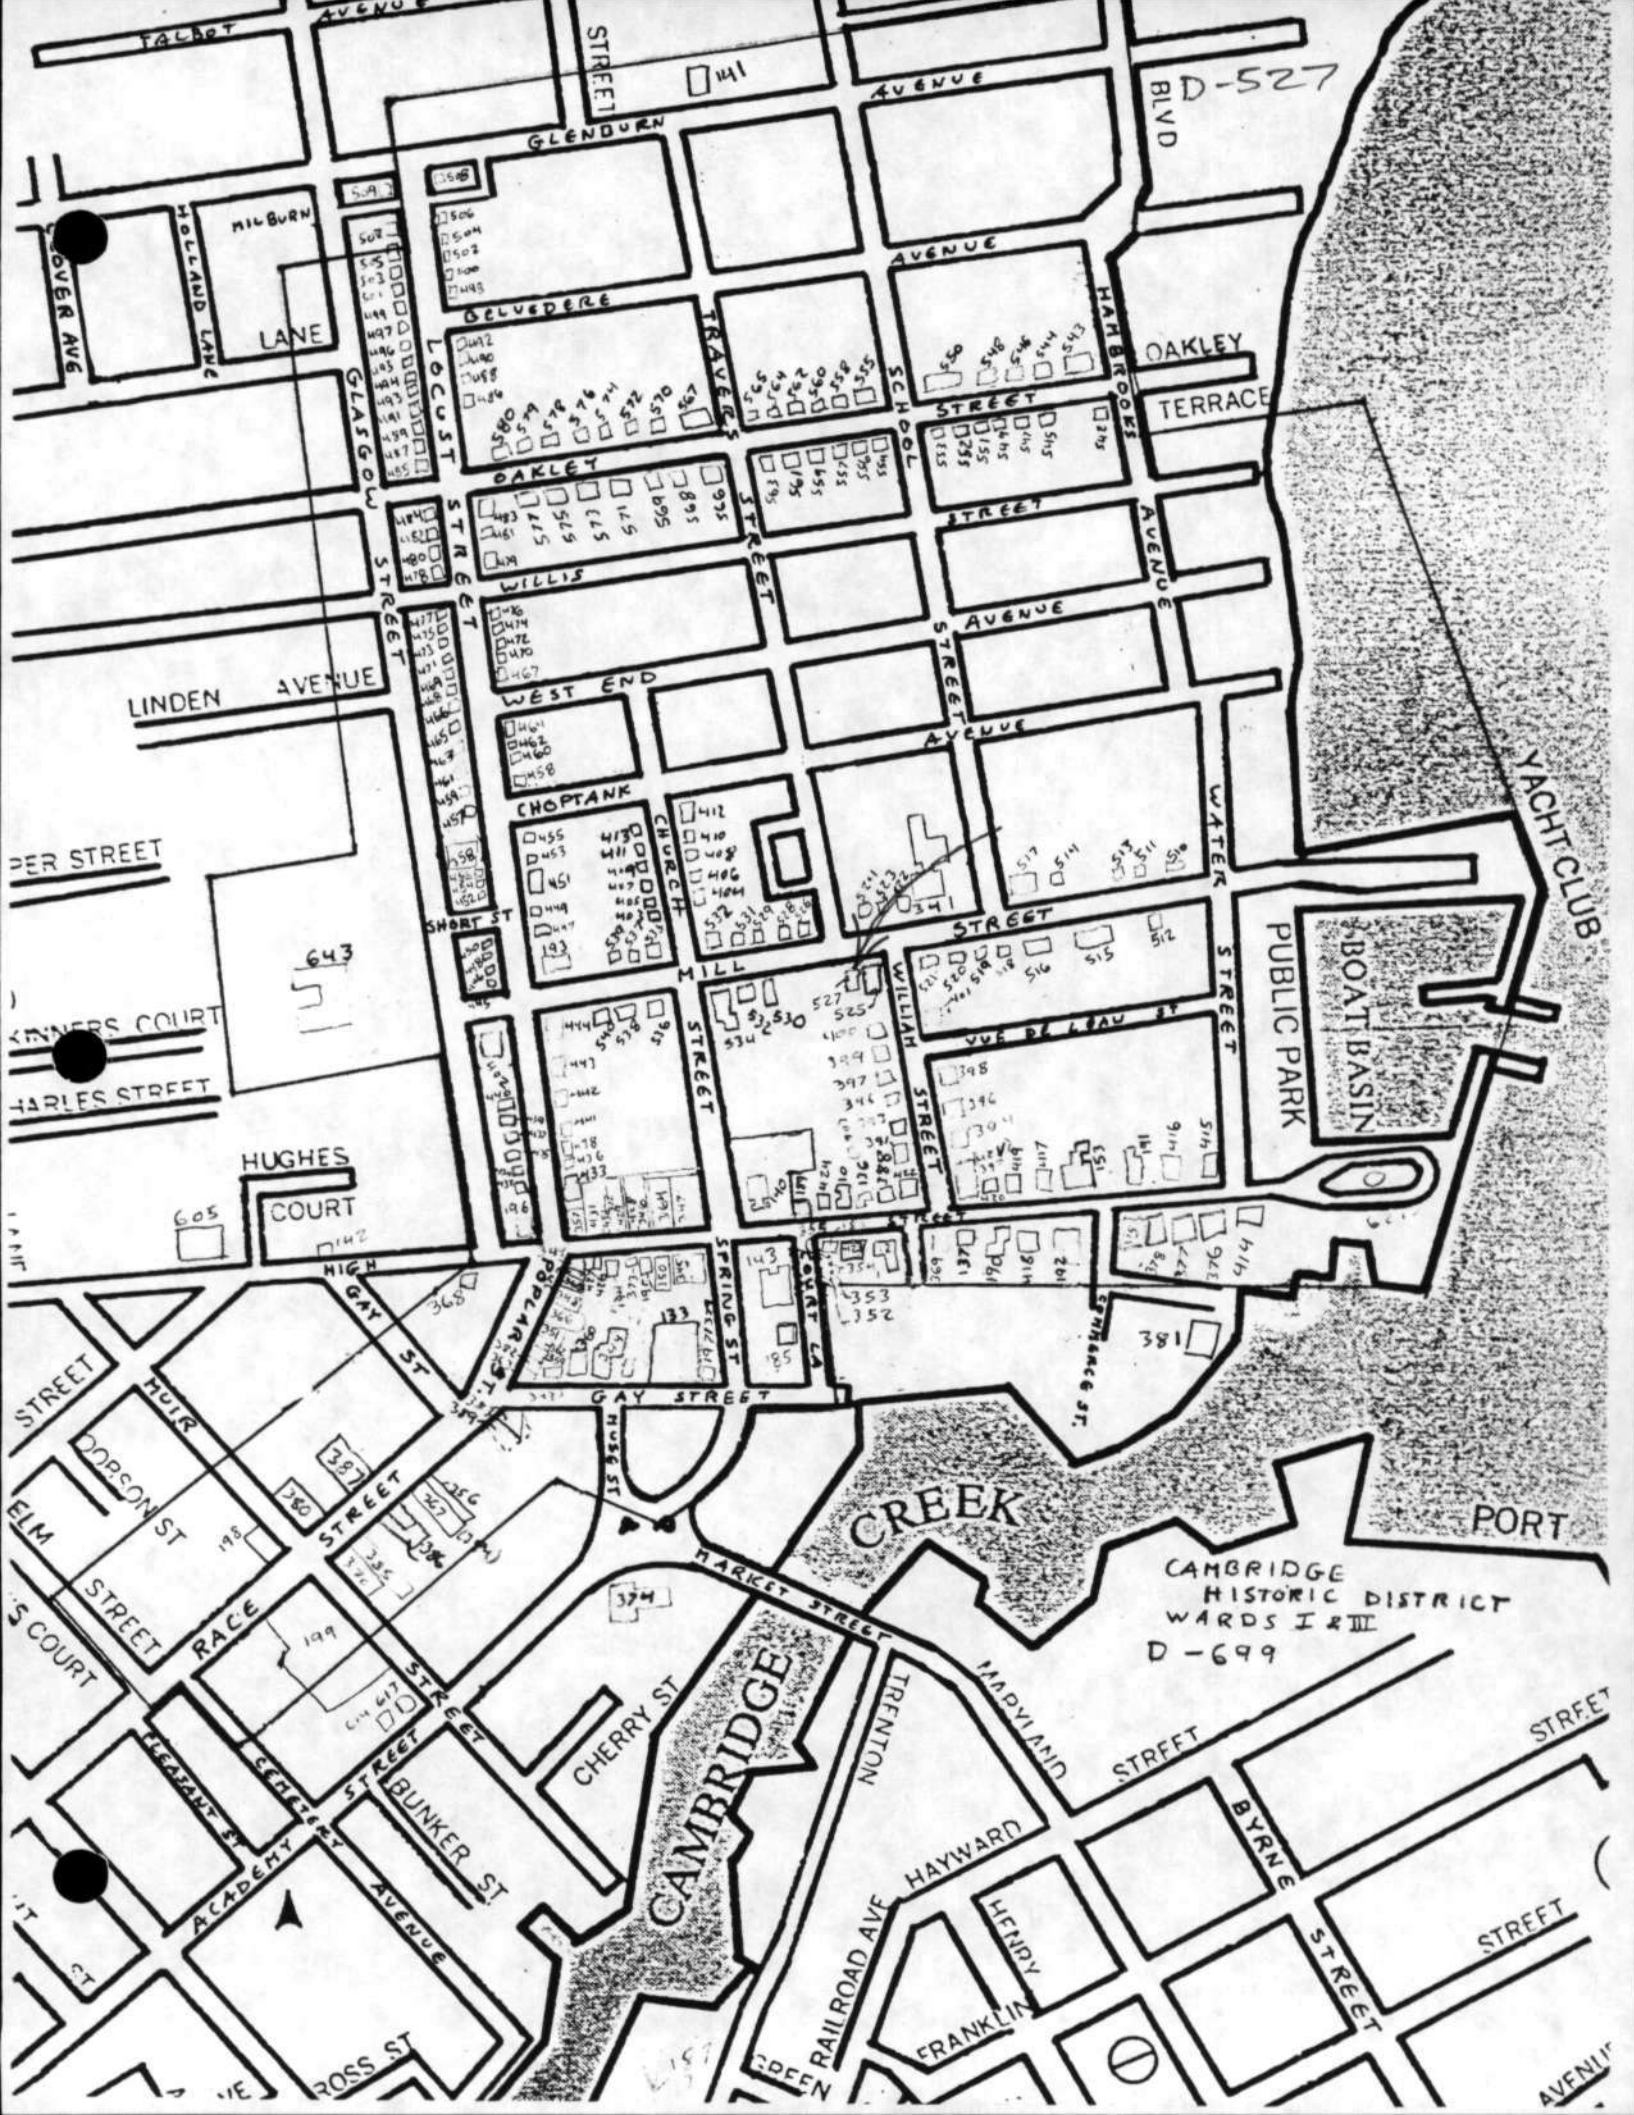

Change Deed Reference to: 186/550

This building served as the rectory for St. Mary's Refuge of Sinners Catholic Church (see 300 Mill Street), and was probably built in 1894, at the same time as the church itself. It is a plain structure that blends in with the other late nineteenth early twentieth century structures on Mill street.
